Normal Operations	Normal Operations	Normal Operations	Normal Operations

April 2019 Measles Outbreak

On 04/22/19 at 1646 hours, the California Department of Public Health (CDPH) and the California Emergency Medical Services Authority (EMSA) activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the April 2019 Measles Outbreak.

- As of 04/17/19, 23 confirmed measles cases, including 13 outbreak-associated cases, have been reported.
- Counties with reported Measles cases include: Los Angeles, Placer, San Francisco, San Mateo, Santa Clara, Santa Cruz, Butte, Calaveras, Shasta, and Tehama.
- Alameda County Public Health DOC is partially activated in response to the current measles outbreak in California and neighboring counties to manage coordination and communication. Alameda County DOC is acting as the lead for their region.
- Over the next 3 days, CDPH will conducting conference calls with local health departments and health care providers (clinics and hospitals involved) related to this outbreak.

Cal OES INLAND REGION

Lumberyard Fire, Stockton, San Joaquin County (Final)

At approximately 0300 hours, a fire broke out at a lumberyard (California Pallet Manufacturing) in Stockton near the southeast corner of the I-5 / SR-4 interchange.

- The fire was contained to the lumberyard, however it has led to the disruption of power transmission lines in the area.
- Per the Cal OES FDO, two local government strike teams were dispatched to the incident; one from Stanislaus and one from Sacramento.
- Per Cal OES Spill Report 19-2632, fire suppression water from this incident has impacted the Stockton delta and slough.
- Per San Joaquin OES, both highways remain open.
- The City of Stockton closed non-essential city buildings and sent non-essential employees home.
- The homeless population in the area has been asked to move to the Mission Church shelter for their safety.
- Per PG&E, around 3,700 customers are still without power. Estimated time of full restoration will now be tomorrow, 04/24/19 at 0600 hours.
- At 1840 hours, the FDO advised the fire has been fully contained and mop up is in progress.

Cal OES COASTAL REGION

Nothing significant to report.

Cal OES SOUTHERN REGION

Nothing significant to report.

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- High temperatures across the San Joaquin Valley today will increase by several degrees compared to yesterday with several areas expected to reach 90 degrees by mid afternoon.
- High temperatures will continue to climb on Wednesday with highs across the valley expected to reach into the mid 90s.
 - Highs in the mid 90s are 15-20 degrees above average.
- Higher than normal temperatures will extend into Thursday and Friday before decreasing into the 80s for the weekend.

SOUTHERN CALIFORNIA

- A significant warming trend will begin today in the southeastern region of California with highs in the low desert regions well into the upper 90s (near 100) Thursday through Saturday.
 - The warmest day is expected to be Friday.
- Humidity is expected to decline during the day with minimum readings on the lower deserts hovering around 10%.

WEATHER KEY POINTS

04/23/19 - 04/29/19

Tuesday-Friday

- Warm conditions over the next several days will continue melting the snowpack, leading to rises in rivers and streams. No significant flooding impacts are expected at this time.
 - Much of the state will have low risk for heat impacts this week for those populations extremely sensitive to heat, especially those without effective cooling and/or adequate hydration.
 - Moderate risk for heat impacts Wednesday through Friday for those who are sensitive to heat in the southern Inland Region and deserts of Southern Region.
- Isolated thunderstorm potential returns to the Sierra Wednesday through Friday.

Saturday-Monday

- The next chance for showers for southern California will be next weekend, however confidence remains low at this time.
 - This storm could also be accompanied by gusty winds, especially in Southern Region.
- By the weekend, a cooling trend will lead to significantly fewer impacts due to heat.

CALIFORNIA WEATHER IMPACTS

04/23/19 - 04/29/19

<u>Hazards / Day</u>	TUE	WED	THU	FRI	SAT	SUN	MON
Non-Thunderstorm Damaging Winds						Southern	Southern
Snow
